- Organized WU Relay for Life Team in April
- Joined in several campus events for anti-racism

...AND OUR QUADRENNIAL REVIEW! Every 4 years, each ELCA campus ministry site is evaluated. The Review Team was: Rev. Herb Palmer (ELCA Region 4 Coordinator), Rev. Susan Candea (CSS synod Bishop's Associate) and Rev. Jessica Short (Campus Pastor @ Marquette University). During the visit they met with our Board, pastor, students, local clergy, interfaith colleagues, and campus staff. They were very positive about our ministry and recommended funding and support for the next four years. YEAH!

Biennial Spring Break Service Trip to GUATEMALA

13 LCM-ers (grad & undergrads) are heading back to Guatemala to help build three homes with Construc Casa (www.construcasa.org). We've been planning since October and begun meeting weekly to learn about Mayan culture, Guatemalan history & poverty.

Our students are avidly fundraising—maybe you've seen them at your church selling fair-trade crafts? Our total goal is \$18,000—and \$5000 of that will be a direct donation for building supplies. Prayerful and monetary support would be greatly valued. Gracias!

After years of juggling 3 books, we are finally getting the Evangelical Lutheran Worship! **We need 20 more donors to "sponsor" a hymnal at \$25.** We will honor your donation with a bookplate—please include further info if you'd rather donate in memory of someone else who loved music 😊
